# ECO T-SHIRT

100% RECYCLED

### MATERIAL

50% Post-Industrial Cotton  
50% Post-Consumer Plastic

### WEIGHT

4.4 oz.

### FIT

Regular

### PROUDLY MADE IN

El Salvador

### PRODUCTION RADIUS

Vertically manufactured within a 10-mile radius in El Salvador

### FEATURES

Vintage look and feel

Durable

Rib knit neckline for added comfort

Unique colors with no dyes or additives

All color comes from upcycled cotton scraps

### What's the difference?

**Natural** - No dyes. All color comes from the recycled cotton fibers. Slight shade variations from lot to lot can occur.

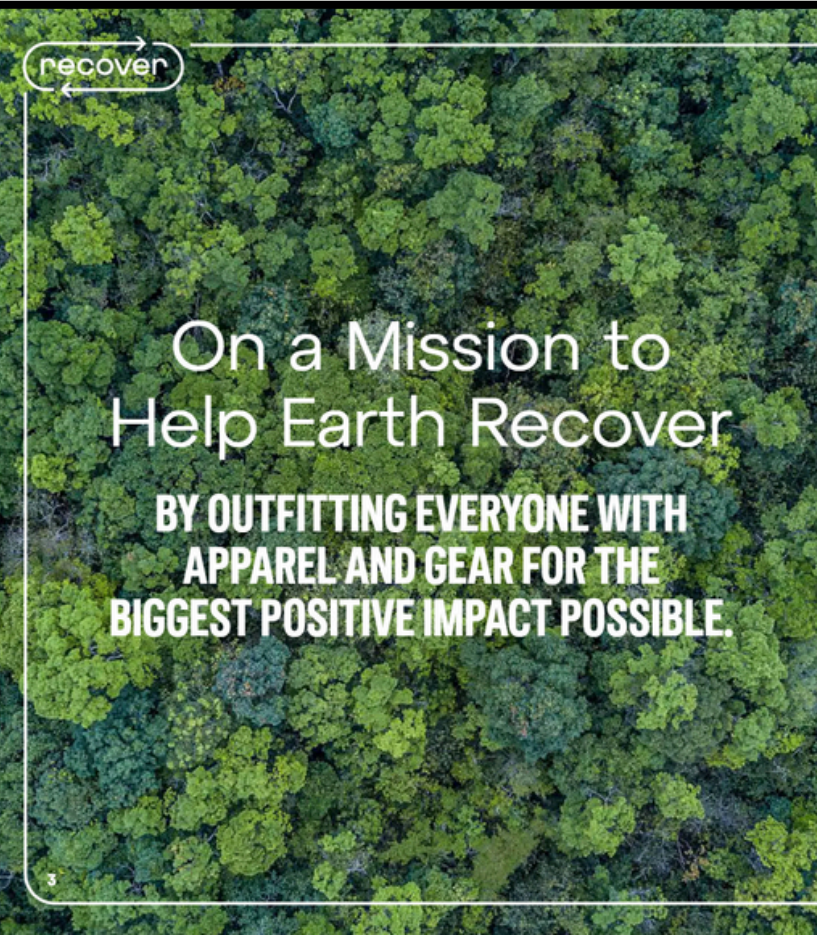

**Solid** - Uses a low-impact dyeing process to achieve a solid color.

**Heather** - Uses a low-impact dyeing process on the white yarns to achieve a heathered look.

# 4. Choose sizes!

Youth Chest (Inches)	Women Chest (inches)	Men Chest (Inches)
2T: 20-21		XXS: 31-33
4T: 21-22	XS: 30-32	XS: 33-35
YXS: 23-27	S: 32-34	S: 36-38
YS: 28-30	M: 34-36	M: 38-40
YM: 29-31	L: 38-40	L: 40-42
YL: 32-24	XL: 40-42	XL: 42-44
	XXL: 44-46	XXL: 44-46
		3XL: 48-50

On a Mission to Help Earth Recover  
 BY OUTFITTING EVERYONE WITH APPAREL AND GEAR FOR THE BIGGEST POSITIVE IMPACT POSSIBLE.

## 5. Choose order quantity!

100-399	\$23.00	\$35.00	\$12.00
400+	\$22.00	\$35.00	\$13.00

**Minimum order quantity: 100 units total per design**  
**Mixed shirt colors and sizes OK**

**Place your order here.**

SHARK DOCS

## WHOLESALE PARTNERSHIP PROPOSAL SHARK DOCS LLC

### **Our Vision**

Healthy oceans, abundant wildlife, and happy, fulfilled people.

### **Our Mission**

To reduce the extinction risk to sharks & rays through science, education, & entrepreneurship.

Shark Docs LLC, founded by marine scientists and longtime friends Dr. Brendan Talwar and Dr. Chris Malinowski, creates *100% recycled* ocean-themed shirts that support ongoing education and research.

Our story gained global attention on Netflix's shark-positive show *All the Sharks*, where we competed to photograph as many shark species as possible for a \$50,000 prize benefiting ocean non-profits —an experience that amplified our mission to change how people view and protect marine life.
